The Premises:

Nancy works in a flat in Old Town Hemel where, from time to time, other Oriental ladies visit and in the other place you will find details. The flat was in most ways just fine. There?s heaters for the winter, fans for the summer, a decent bathroom and comfortable enough beds. The bedroom floor seemed a bit in need of a good vacuuming with fluff from a few pairs of black and grey socks (I guess) all over the place.

The Lady:

Nancy is from Thailand, in her mid 20?s, 5?4?, size 8 and with delightful 34b breasts. She has long black hair, very kissable lips and a rear that will turn every man?s head. Her pussy hair is partly trimmed. In some of her pictures she seems a little severe but actually she has a charming and sexy smile. Her English is very good all things considered although her accent does make the odd word call for repetition. Nancy clearly loves her work and makes every effort to please. I was satisfied that she works of her own volition.

The Story:

Nancy?s greeting was charming with all the hospitality offered from a shower and soft drinks plus the little see-through black number which barely covered her bum cheeks and a black thong buried deep in her arse crack.

Proceedings began with getting undressed, as they do, but in this case Uncle?s Sloggi for Men tangas seemed to get her going just a bit. Gentle little probing of her slim fingers aroused Uncle so much that it was a relief to get out of same. A little gentle cock and ball licking followed and then on to the bed for some rather skilled massage.

[Pausing here, blokes will know that, having achieved a decent stiffer, it is not easy to then lie face down (unless of course one is so ?upstanding? that you can tuck the gadget up just beneath your tummy)] I digress.

Nancy?s massage was good indeed and she didn?t spend too long at this since she realised, I think, that what I wanted was a decent shag. So then it was on with the condom and into 69 (me beneath). Nancy?s pussy is a delight and we enjoyed a good session of this. When I rimmed her arsehole she really got excited. She didn?t return that particular pleasure though. Then into missionary when I could enjoy some appreciative noises and smiles although my attempts to kiss her on the mouth didn?t seem altogether what she wanted.

We then tried a little 'doggy' and that certainly hit the spot when I asked her to bring her legs together and lie flat. Goodness me, she is tight enough anyway but with her legs together it seems even tighter and Nancy certainly enjoyed our prolonged hard fucking in this position. I think she got close to orgasm even. Unfortunately I didn't. And even with a bout of condom covered anal penetration by her finger coupled with vigorous wanking I couldn't make it. [I pause again to reflect that the previous day's encounter with another lady might have something to do with it. At my age I really should pace myself]

But all in all this was a really great session and I enjoyed myself very much.

Nancy looks set to be around for sometime so I shall see her again when I've abstained for a while for she seemed truly sad that I'd not managed to cum.
