The Story:

[This was delayed in posting because of account problems] I've seen Vanessa a number of times and this was just as special as every other. My first feeling is always that I can't believe someone who looks like a supermodel is available to us mortals. The agency has a menu of services that makes it difficult the first time, but I've always opted for everything with Vanessa. We started with some kissing and stroking and quickly peeled off clothes. Vanessa has the most perfect boobs I have ever seen with the most perfect figure and tanned skin, gorgeous legs and bum - I can't overstate how awesome she looks. Then there's her technique that matches! I started by going down on her, which she genuinely seemed to appreciate and eventually came. In return she sucked, licked and teased my cock, licked my balls, taking one in her mouth and then taking the whole length of my cock in - basically the most porn film BBBJ I've ever experienced, which finished with me emptying my load in her mouth - she squeezed and sucked every last drop out. After a nice chat she decided we should go again and she soon had me hard and ready. She squatted on top and lowered herself onto my cock and bounced up and down as I played with those unbelievable boobs. Twisted round to reverse cowboy giving me a fantastic view of her pert bum - which meant I just had to give to her doggie. All the time she's toching, stroking and kissing. Such a tight pussy too, that when I came it was just the best feeling. Best body. Best blowjob. Best fuck. Ever.
