The Premises:

A small terraced ground floor flat in a quiet residential area. Around the corner from the street on which it is addressed. Easy to spot because of the security grill on the door. Easy parking. The room is very presentable.

The Lady:

Julie is a fair skinned south American girl. Trim, pretty and shapely with delicate pert knockers which she is pleased to share. Early twenties I would estimate.

The Story:

When I phoned I was pleased to learn that Melissa was working, as her photos look very appealing. When presented with the choice however, I chose Julie as she greeted me in such a candidly friendly manner. It was a hard choice though. This means I need to return to see Melissa. At the time of writing there is still time today...

This was a lovely GFE. Lots of cuddling and petting. She received my snorkelling appreciatively with what can only have been genuine shudders of pleasure. The O was fairly brief but very nice indeed, and then we made love. Slowly in mish for some time, then she climbed aboard and gave it some giddyup, at my request finishing slowly.

We chatted and caressed for some time until the knock. No hurry at all. A really friendly girl who's English is improving. Julie is a little gem who I hope to see again.
