### The Story:

The date was set up by text, and I was looking forward to meeting them both. I arrived a couple of minutes early, buzzed on the door and was asked to wait 5 minutes. A girl went in to the flats a couple of minutes later - it turned out to be Sara. Got into the flat - met by Amanda - really sexy and friendly, had a shower, then was left alone in the room for about 5 minutes. Then Sara came out - didn't get the same friendly vibes - and asked for the money.

Once handed over they disappeared again for a little while, then Amanda came back in soon followed by Sara. I had mailed them the night before asking them to wear specific things, but alas they didn't read my email...

No matter - Amanda turned out to be a very sexy young lady, gorgeous firm body and seemed to get into things as she sat on my face while Sara gave me OW. After a while I asked for a swap - Sara on my face and Amanda sucking me off. Still very nice but Sara was pretty uninterested. I fucked Amanda first and once again she was writhing around and playing with herself, occasionally touching Sara who was lying next to her.

Swapped the condom to fuck Sara - she still wasn't that responsive, but I fucked her for longer because the sexy Amanda was first playing with herself and moaning softly, and then went behind me and squeezed my balls gently while I was going at it.

Eventually I had to come - so off with the condom, and Amanda wanked me off with some oil. I had a good strong orgasm - very satisfying.

These girls advertise as a duo who will do Lesbian shows - 'we love to do it together letting you watch then join in' but in reality they don't do this.

For ?200 I got to have sex with two VERY attractive girls. It's a shame only Amanda was into it. I would go and see her on her own, but wouldn't return to see them as a duo.

I do however recommend them as a non-girl on girl duo - their photo's are accurate and they do

have very good feedback, so maybe Sara was just not into it today.
