The Premises:

The flat is in a good location not far from the tube. It's a comfortable place.

The Lady:

Several attractive ladies were present. I'd say that they varied from 6-7 in terms of looks.

The Story:

I've been to a few parties now and they are generally enjoyable if one accepts the limitations. Everyone is usually friendly but kissing really isn't on the agenda and the sex isn't particularly adventurous. On this occasion nearly all the girls were very willing, but actually expecting them to be turned on by the action was too much and it was clear that all of them were running on lube rather than natural juices. The only girl who wasn't particularly enthusiastic was Jennifer who appeared to be going through the motions, didn't like being touched and became rather irritable at times - I'm not sure what was the matter. Everyone else was fresh and lively right to the end of the party.
