The Premises:

A small terraced ground floor flat in a quiet residential area. Around the corner from the street on which it is addressed. Easy to spot because of the security grill on the door. Easy parking. In the rather spartan secondary room this time. No complaints though.

The Lady:

Amanda is a tall and rather rubenesque Italian lass with a large bosom. She presents well at the door in her heels. But once disrobed, reveals an unsightly abdominal surplus and a cellulite affliction of the posterior.

The Story:

This would have been a workaday punt with an unenthusiastic WG and hardly worth reporting. Sadly though it was a rip off as the job was completed in around 12 minutes and there was a knock at the door. The knock indicates that the maid was a conspirator in this.

In the main I have had satisfactory service at Sophie's, and occasionally exceptionally good (see 100155), but this was a low. I certainly hope there are no future such instances as I've been something of a regular. The value of the returning punter should not be underestimated by any business.
