The Premises:

Nice basement flat within easy walking distance of Edgware Rd, Baker St etc. A nice part of town and perfectly safe and discreet.

Inside was also clean and comfortable.

The Lady:

A gorgeous girl in her early 20s of Pakistani origin. Tall, busty (albeit enhanced), slim, facially very pretty, long brunette hair. I was certainly happy with my choice as she is pretty much my type.

The Story:

I normally go for 30 min appointments but as I am in London so rarely these days decided to treat myself to something special. I wasn't disappointed.

Immediately felt at ease with some light kissing which gradually built up with passion. Wonderful OWO, lots of two way oral in various positions which was mutually enjoyable and several positions before ending in doggy.

In between lots of nice chat and afterwards post coital bliss and nuzzling. Laila has a lively personality and is good company. The highest compliment I can give is that it truly felt like you'd finally got it on with a hot, new girlfriend and got you thinking if you met in different circumstances.....(but don't worry I'm not under any illusions).

All in all one of my better punts and I certainly hope to have the opportunity to repeat the experience in the not too distant future.
