The Story:

Further to my previous report regarding another party I attended on the day (100434), for every ying there is a yang.

Got there in time to shower and begin to party, and then it all commenced.

Two absolute hours of fun with lots of engaging ladies who clearly love to party.

If they see you with no one they approach you and ask if you want to play, who can resist a line like that from a stunning lady.

Every single lady on a mission to have fun with you.

You know you had a good time when you are still thinking about what you did days later.

Lady M was in attendance, she has been running these parties for years and knows her stuff and keeps the party going just by her presence.

Had too much fun with so many of the ladies that I left dissatisfied, dissatisfied that the time went so quickly and can't wait to return.

If you are in London and want to party there's only one place to go, this opinion is based on attending numerous other establishments who hold parties.
