Tall, leggy, all-natural girl with medium length dark brown hair.

### The Story:

I'd not met Lexi before, but I have been a frequent flyer with IK (I don't believe there is a better agency out there). Lexi greeted me in a short, tight dress that left little to the imagination. After chatting easily for a while, we started kissing and fondling one another; she's a damn fine kisser. I showered and emerged to the bedroom to find Lexi in black/red lingerie stood by the full length bedroom mirror.

After more kissing, necking, lingerie-removing, fondling and fingering her wet, smooth pussy (which she definitely seemed to appreciate!), we moved to the bed and I went down on her. She pushed my head hard between her legs and I brought her off again (I think!). She then returned the favour, kissing, licking and sucking my cock and balls and offered to let me cum in her mouth, but instead I asked her to mount me. She rode me to the brink and then kept me teetering there for what seemed like ecstatic hours (but no doubt was minutes). When I finally came it was a magnificent release! She told me she'd liked it too!

Lexi knows exactly what to do, when and how to do it and she is as sexy as fuck. She is also very charming, smart, funny, damn fine company. I had as good a time as any I can remember.
