The Premises:

A top floor flat at the end of a quiet cul-de-sac in a large housing estate. Plenty of parking. Access via a main door, whose catch is released by the occupant of the flat you are visiting. Very discreet. In recent times Roxy has acquired a superbly comfortable new bed and upgraded the shower in her bathroom. There is a splendid roof fan which is very welcome during hot weather. I have been a regular visitor her for several years, and have never encountered any problems, nor am I aware of any of her many other clients experiencing any difficulties.

The Lady:

The pictures on her excellent website give a very accurate idea of what an attractive woman Roxanne is. She has gained a few pounds over the last 12 months, which has made her even more attractive than at any time that I have been her client. Her torso is now quite exquisite. She has green eyes, is 5'6" in bare feet (but looks sensational in heels), size 8/10, 34B. She is an intelligent, well spoken and friendly woman, with a very sexy voice and a good sense of humour.

The Story:

Having been punting for over 15 years I have reached the obvious conclusion that when I discover someone who treats me as well as Roxy does, then the thing to do is visit her again, and again and again. For me, with Roxanne, the sex just gets better and better with every visit that I make. By recounting this particular visit I can illustrate exactly why I say this.

Having freshened up and stripped off we wasted no time in getting down to sharing some serious foreplay. During this time her sexy transparent chemise and g-string disappeared to reveal her

lovely body in all its glory, and before too long I was lying flat on my back enjoying some of the wonderful o.w.o for which Roxy is renowned. As a bit of a veteran I need several minutes of extra priming before I am ready to perform. No hardship whatsoever! Once I was ready. it was my turn to provide some stimulation. A few minutes with my head between her thighs licking her lovely tight pussy, and she was ready to receive me. One of the special things that works well for Roxy and I is that my modestly proportioned little fellow just hits her at the right spot when she is in the missionary position. On most recent occasions it has meant that we both cum at the same time. On this occasion her seismic orgasm triggered me to a frantic and fabulous climax, albeit 90 seconds late, but it was still very, very good.

Of the five girls who I visit regularly only Roxanne has succeeded in making me cum twice within the hour. This time she gave it her best effort, and that was a big effort, but failed. It was not her fault though. I had been out of sorts for some weeks recently. There was however a brilliant postscript. Five days later, barely an hour after fucking Nadia up at Staple Hill, she gave me the fuck of a lifetime with an amazingly productive and pleasurable outcome.

Roxy is a very special woman. My all time favourite. If you haven't visited her yet, you are missing something.
