### The Premises:

VH, awesome, as always.

### The Lady:

Christ. If you want a hot, curvy, toned, beautiful, fun, friendly, dirty girl, see Summer of Lutterworth.

Early twenties, downright f-ing gorgeous.

Please don't be put off by her being coloured either. She has the most connecting personality i've encountered in the biz. And that little 'knowing' hint in the conversation which makes it all feel so much naughtier, i.e. better :)

### The Story:

Great firm massage, along with engaging conversation about the business - i'm always really interested to talk to the girls about the job, as it's so different to other lines of work.

I asked for a roleplay where i was the younger brother of her friend, being caught in her bedroom (i am younger than her, and she looks just like the older hot sister's friend) It was great, she made a real effort and it worked great! This led to hand releif, and the subtle teasing comment about my lack of 'size' shows how great she is at reading her client.

Awesome!!
