The Story:

Knew it was going to be a bad punt from the very beginning when she went through the list of dos and donts. No kissing, OWO,one shot, bareback offered but from the offer said no straightaway. Started with OWO then i went into mish covered, spooning. I wanted cowgirl then found it was one of her 'i don't' same with doggy and 69. I was losing my erection at this stage. She then gave me OWO then on with the condom and then finished off with in mish again while i was sucking her toes. Another con is price is ?50 for one hour but after you come its time to go
