The Premises:

Nice basement flat in a decent area. Almost slipped and severed my spinal column on the front stairs, but probably just eagerness...

Inside is spotless and modern.

The Lady:

Seriously sexy - you know that whenever she goes out on the lash she is literally fighting blokes off with a stick. You know what I mean - not so drop-dead that she seems unnatural and aloof or cold but genuine, pretty facial features, with a smooth athletic body and fun demeanour that you can't help to warm to.

The Story:

I can say without fear of argument that she wore me out - I was a broken husk of a man after the hour. She is friendly and charming as well as physically superb and exactly what a GFE should be; she interchanges excellent, dirty OWO and DT with giggles and kisses and even laughed at my weak banter (which I have to confess at a couple of points was an Alan Partidge-style attempt to 'keep the wolf from the door' - oh the shame).

The oral session was so good I was contemplating leaving it at that, but decided instead to sample her delicious pussy with some RO and then high-tempo shagging with her urging me on that left me needing a breather and possibly a defibrillator. She finished me off CIM.

Carly is awesome; 'nuff said.
