The Premises:

Ground floor flat in CMK, nicely decorated inside. Safe area certainly, close to shopping center, so parking will get more difficult as Xmas approaches!

The Lady:

Can you have a willowy English rose- if so, that's Helen... As a previous reporter said, she looks younger (and prettier) than her photos. Long legged and slender with perfectly proportioned breasts. Classy lingerie, always different each time I've seen her, covered by a short and sexy dress that comes off easily...

If I had to describe her in one word it would be Elegant.

The Story:

Really can't stress how enjoyable an encounter with Helen is- I've read all her previous frs in an attempt to find something different to say but they do cover all the bases... For me the best thing about Helen is her ability to make you forget the real world for the time you are in the room with her, there is just you and a lovely young woman engaged in personal stuff. She really does define GFE better than anyone I've met, it's the random acts of intimacy that do it for me every time.

Helen's kissing is fantastic, takes me back to teenage years, it's deep and ongoing, and it really feels as if she's as enthusiastic about doing it as I am. To be honest, if I didn't need an orgasm, I'd be perfectly happy to just spend the whole of our session kissing.

Talking of orgasms, for anyone that enjoys oral to completion, you are in for a treat with Helen...

No two meetings with her have been the same, it really doesn't feel like she's working to a sexual script- there's a whole buffet of carnal delights to choose from. I would say she's very intuitive about what to put where and when...

Helen, all in all, is a bright, warm and friendly girl who also gives great sexual encounters- I'm amazed that someone so cute can also be so raunchy, and hope to see her many more times.
