### The Premises:

The place is clean and well presented

### The Lady:

An English rose looked like she was made in heaven

### The Story:

When I entered the place there was a woman selling jewellery to the girls and they were all sat round looking at it they had a quick glance at me as I entered then back to the jewellery.

I had the choice of 5 lovely ladies and chose Amy who led me to what was described as the new room with the new bed.

I got undressed then she did as no kissing was allowed above the neck ! We had a quick play with each other while stood up where she wanked me quite quickly.

Then on to the bed where she duly slipped on the rubber and started oral again quite quickly and when she stopped she would wank me quite fast and hard again, no fingers allowed .

Then after 5 minutes of that on to the bed and she got on top and rode me quickly for about 5 minutes and finished.

I felt throughout the whole session she didn't want to be there and that she might prefer being back at the jewellery table.

Having been to a few of this place a long time ago and felt ripped off I felt the same again this time, would I visit again? hell no there's other places that are superior to this in Sheffield.

Maybe it's time for a no rush policy?.
