The Premises:

usual or not so frequented haunt for me now... credit crunch times.. on entry iain explained about a few late girls coming from the west side so thats understandanle.also from my last unhappy time he recommended one of the late comers,,however time was getting on so i dedcided to pick another who was already waiting

The Lady:

shown in by tall slender and attractive african female,who took my interest as i have a thing for coloured girls.. nice freindly smile and shown through to changing room.

The Story:

this was an vast improvement from my last punt here,a warm welcome and smile go's far. she was touchy feely with me what is nice and she started of with some good owo taking her time and not rushing.vewry good mouth action and not trying to get me to cum by wankin(as a few others do)onto some missionaryand close deep penetration legs entwined which pressed my button and it was time to cum... talked about the horses as she notice me reading the racing post,then she suggested me cumming again.. good idea and she tried with more oral but alas it takes me a bit more time to restock my ammunition now..

left happy....although i enjoyed my time not sure if i would try her again,all depends on the other choices...
