The Premises:

Niceflat on the East end of the MerchantCity. Spacious & clean.

The Lady:

This was NOT the girl in the Adult Work pictures. She was a petite, pretty with small tits and braces.

The Story:

I should have walked away when they left me waiting outside the building for 10 minutes. When I did enter the flat I bumped into another punter who was just coming out of the room (not good etiquette). Her other working pal put me into the living/kitchen room whilst Laura had a shower. By the time she came to see me it was obvious that she wasn't the same girl.

She spoke very little English and I had to pantomime everything.

A good massage then over for some sex. No offer of oral, just straight on with the johnnie and on top of me. Had to ask her to take her chewing gum out.

Her on top, mish and then finish in doggie with her small tits swinging. Nice pert wee arse shoving back against me in doggie. Had to hold her in position to finish the spurts otherwise she'd have been off the end of my cock before I finished cumming. An ok shag, but it was very mechanical and I was part of a conveyor belt.
