The Lady:

The lady did not match the pictures on the website at all. When I asked her she insisted that she is Aiko but I am sure she is not. The lady on the website is much slimmer and smaler, does not have a belly at all. I should have left straight away but I stayed which was wrong.

The Story:

After a shower I came back to the room and she was gone, on the phone to somebody else in an other room. I called for here and she came. It went on and with not much of efford she did a bit of blowjob and then we went on to A level. She did not make the impression that that was clean so I did not continue any further. A missio then and that's it. Can't say why I did this and cannot recommend her at all. The following 'massage' was without any effort. I will avoid this agency as I don't like the ones which show false pictures.
