The Premises:

Tidy terraced house behind Taxi offices in Braunstone Gate. Park in Carpetright car park. A little difficulty understanding directions from Receptionist but eventually found it and was waved round the back from a downstairs window. Enter via a bright red gate. Felt safe. Ushered upstairs to meet JaJa.

The Lady:

JaJa is a tiny 19 year-old Japanese student. She is studying English so her English is pretty good. Petite body but nice round tits and pert nipples.

The Story:

After kiss on lips (no DFK) both stripped off and I lay on the bed for some nice back massage. When I turned over JaJa kissed my neck, chest and nipples whilst working my dick. I usually ask for OWO but knew I was too excited to last long so settled for a covered BJ to slow me down. I stood in front of the mirror and watched her sucking my prick whilst kneeling in front of me. Not a lot of eye-contact and quite a lot of hand action but I kept my cool thanks to Johnny. She then lubed-up and lay on the bed exposing her nicely trimmed pussy. God, I thought I was going to split her in half - her cunt was so tight. Because of her diminutive size I even expected to see my dick poking up from her mouth! Anyway she did take the full length with only one or two grimaces. It wasn't long before I exploded in her. Cleaned up and nice little chat before back into the cold. All-in-all a very satisfactory punt. As is usual the girls change weekly so I don't expect to see her again. But would be interested to read other reports if someone out there sees her.
