The Premises:

A nice clean place as described before. Sited on a busy main road in a shopping area and by a bus stop, however there is a rear entrance. Parking was a nightmare, but that may just have been the time of day. I felt safe and the general area seemed nice.

A goodly sized room (with pole) and large bed. Plenty of soap and towels if required.

The Lady:

Alison is probably in her late thirties and stands around 5'2" tall with a nicely rounded figure, that goes well with her impressive bust. She has fair hair and a wicked laugh.

The Story:

I decided to visit Alison after seeing the previous report and having an hour to kill in Bristol. On opening the door Alison was wearing a very smart short housecoat and stockings. After offering a drink we got the paperwork out of the way and onto the bed for a massage. The massage was of a good parlour quality. Turned over and played with her breasts while she ran her hands over my front in a very erotic manner. On with the mac for sex in mish. A good half hour spent with a lady that knows what she is doing.
