The Premises:

The location is a council flat just outside the Elephant & Castle tube station. It is very discreet and clean inside. The phone is answered by a Chinese Man and he introduces you to a choice of girls.

The Lady:

Yuki is a slim Malaysian girl with small A cup breasts. She is new to the business and is very friendly.

The Story:

The session commenced with a firm massage combined with shiatsu. This was followed by a light, tickling and stroking session that got me suitably aroused. I turned round and played with Yuki's teen sized boobs and then her bum. On went the coddom and a brief covered O session ensued. We then had sex in two positions, missionary and doggy. I ended the session by removing the condom and coming over her bum.

This was a good session and was almost a girlfriend experience.
