The Premises:

A "massage parlor" in Bushey at the far end of the High Street, just outside Watford. Perfectly decent place, clean, looks like a day-spa/regular massage parlour inside, until lead through to the bedroom which was nice, had porn on, but pop on radio.

The Lady:

Great tits. Pretty, girl next door face, dirty blonde hair. Much more blonde than in the website photos.

The Story:

Was only looking for "relief", rather than a full on BBBJ or shag, but I got it in spades! Both Emily and Lauren, who was working that day as well and also looked good, did what I wanted - hand job, tit wank and facial. Very close between the two, but chose Emily based on initial chemistry and wasn't disappointed. Bit of chat and stroking both ways, before sitting her up on the side of the bed and fucking those 36E tits for all they were worth, with the help of some lotion. Then pushed her back on the bed for more tit fucking and then coming all over that pretty face! She took it like a pro, including it dripping onto her tits. I picked a bit up off her cheeks with my cock and transferred it to her tits. All very sexy...!
