Very sli, small boobs and puffy nipples. Nice bit of blonde muff showing.

The Story:

Stacey is amazing in that she gets better with each visit, she does what she says she does and enjoys it all too.

This time, I had booked for 30 minutes, cum as many times as I could service.

There is no A on offer, but that is not my scene, despite what the porn films tell us in ATM scenes.

Well, despite being in my early 50s, I saved up enough spunk to come twice and then again when I got home at the thought of the meeting.

Stacey kissed me deeply and I responded with my tongue deep inside her mouth, where my dick and cum was soon to be.

She laid on the bed and as usual, lifted her legs up and spread them wide, all without being asked!

She reached over and got out a vibrator and asked if I would like to use it on her, saying 'but you will have to lick me first'.

So, I got down between her legs and licked up and down her pussy slit, salivating all the time. She is shaven and very tight and I slowly inserted two fingers right up into her pussy.

With my tingle working on her clit, she spread her pussy lips wide and I moved away so that I could watch her insert the vibrator into her pussy.

She moved it in and out and then asked me to lick her clit at the same time, which I did.

After a few minutes she began to moan quite vocally and I removed the vibrator and took over with

two fingers and my tongue. She gushed a little as she came and squirted onto my beard. I lapped at her juices and swallowed.

Then she said, 'its time to fuck me now, blow job later', so it was on with the condom and into missionary where I pounded away for a few minutes.

I like to withdraw when having sex so that I can contain myself and also love the feeling of the slow entry. I asked her to feed me into herself, which she did and I was torn between looking at her feeding my cock into her pussy and her looking at me doing so.

No lights off sex for this one! She looked down at my cock in her pussy and said how nice it looked.

Anyway, I knew it wouldn't take long for me to come and as we had agreed a blow job to finish, I gave a few more thrusts and then withdrew, watching her pussy dilate and then straddled her, removed the condom and asked her to suck me off and spurt my cum over her mouth, lips and face.

'Cum on me you dirty bastard' she said, 'Let me suck you until you spunk in my mouth'. She sucked on me greedily and took me deep, fast and slow, cupping my balls at the same time. She kept looking at me and winking.

Finally, as requested, I told her I was about to come and she shut her eyes and with just the tip of her tongue on the head of my dick, she wanked me off into her mouth.

My spunk seemed to go everywhere
, over her tongue, down her throat and over her lips and mouth.

She kept sucking and wanking until I had finished spurting and then swallowed and cleaned me up with her tongue.

I helped her clean up my spuck from around her mouth by licking it off.

We then had a cup of tea!

For round two I had asked her to suck me off again, after giving her another orgasm with my tongue and fingers. This time she was even more vocal and I almost had to put a hand over her mouth to keep her quiet.

The second blow job was with Stacey in between my legs with her tongue on my helmet and with her right hand wanking me. I suspected that I would find it difficult to come again so soon, so had to resort to me doing the wanking whilst she put her mouth over the end of my cock and bobbed her head up and down.

Her long blonde hair had fallen out of its band by this time, so she tucked it behind her ears so that I could watch the action.

The combination of my hand action and her soft, moist mouth brought me to the point of no return and I called out 'facial, please', so she laid down and I wanked my spunk over her face, lips and open mouth. There wasn't much cum, but it all got swallowed.

She then had a slight fit of the giggles. 'Why?' I asked. 'Well men don't seem to own up to wanking, but it seems to be OK to wank and spunk over a girls face as in the porn films, it just strikes me as funny'. I agreed.

I had a brief snowball from her, brief, because she had already swallowed all my cum, but she still tasted of it when I french kissed her.

What more can I say? Apart from A, which I am not into and bareback which she will not entertain (thankfully) she is one hot lady.

I will be back for more Stacey treatment!
