The Story:

I meant to post this FR some time ago so i am not entirely sure about the date but I do remember the events.

Marli answered the door and led me to one of the bedrooms and asked if I wanted her or the other girl who was working. I had read a couple of reports about Marli so I opted for her.

She quickly stripped off her clothing except for her fishnets (which had holes in them!) and lay on top of me giving a full body massage and at the same time giving plenty of attention to the wee man. It didn't take long for him to rise to the occasion so she moved her way down and started giving a deep BBBJ. I pulled her up and it was time for the jacket before I slipped him inside her while having some DFK. Things were turning into a bit of a GFE but I knew from the reports that she was a bit of a dirty so I soon raised the game.

I sat myself up and lifted her legs in the air and started to finger her ass. First one finger then two and then I started swapping from a combination of three fingers in the ass to one or two in and rest in her pussy. Soon it was time for the wee man to play again so I held her legs in the air and started to work him in, gently at first but then deeper and faster. By now I was holding her ankles behind her head with one hand, almost fisting her with the other and pounding her ass like there was no tomorrow. Obviously the way I was going this wouldn't last long and soon enough I was at my peak so it was off with the jacket and as I pulled myself up to her she finished me off by hand all over her face and tits.
