### The Premises:

While it's not of the standard of Sandy's Super Stars, it's OK with an entrance off the main road with limited parking. Heating is via portable heaters, which is a bit hit and miss, but good enough. Shower was fiddly to get right, but clean and of good size.

### The Lady:

Georgeous blonde, pretty much as per the description on the site. 5' 5" maybe, smallish tits (nice though), great legs and bum. Pretty face. Smoker.

### The Story:

This girl has the most amazing attitude. She came in after I'd showered and was straight in with full on french kissing. Wow. On to the bed for an extended session of that followed by the first of 3 very fine sessions of her giving me OWO.

On to her then - licking and kissing of breasts, neck, etc - working my way down. By now she's fully naked - which does not always happen I find. The onto some pussy licking - probably in excess of 10 minutes where she appeared to come at the end. Anyhow - she got extremely wet down there. Brilliant.

Bit more OWO and then onto the final acts with her firstly on top and then from behind.

For a girl who looks this good and performs this well, she is amazingly not up herself. She's there with you and responds and is open to most things. Glad I took the hour. Shame she smokes though.
