### The Premises:

Was given a text for a street and got another text for the number. A few moments later when on doorstep, no reply to knocking on door, people around so a bit uneasy. Text to say look i am here, open the door. Eventually opened door and youngish girl behind. Not sure looked anything like her picture.

Upstairs room in house and not really a luxury room, thinking hope i do not catch anything off that blanket.

### The Lady:

Nice enough eastern european, maybe Estonia (she would not say), 5ft 7in, lovely perky breasts 34dd and curvy too. I thought she was a bit abrupt and there and then decided cut my losses, only 30 mins then.

### The Story:

Things went from there to worse, no kissing, mechanistic tight condom and couple of positions. She had her friend's mobile as well as her own and I counted it going off nine times! You would have though, put to silence or at least turn off?

Anyway came quickly and departed. There must be some clues at looking at adverts and deciding what possible truths there are. Maybe stick with agencies?
