### The Premises:

The flat is just a few minutes walk away from Marble Arch. The flat was nice and comfortable with one more girl sharing the apartment.

### The Lady:

Clarissa is pretty but much thinner than in the pictures. She is really (with an emphasis on really) thin, but if you are into this she looks good.

### The Story:

Clarissa was welcoming at first and I started off by having a shower. We talked a bit but once we started to get down to business she became very distant. She went through the motions, but with completely no enthusiasm and it was obvious she was just waiting for the whole session to be over. She does not do french kissing nor CIM.

I finished after sex in some position and decided it was time to leave as I was not really into the game as she did nothing to get either conversation or any other action going.

She was friendly about the whole thing though and never complained, but due to the total lack of interest I would not go back to her.

As a side-note, I did write a review about the session at 90 minutes webpage, but it seems they have chosen not to publish it and keep only the two brilliant reviews that are already there.
