The Premises:

Loved the location - a house right in the middle of town. You literally park in the main shopping centre and walk up to the front door. I felt v. naughty :)

The Lady:

Gorgeous. She lives up to her pictures and then some (they don't capture her personality at all - she was a bunch of fun).

The Story:

That was a fantastic experience. Ella is warm, friendly and down to earth. And keen, crikey! We shared lots of kissing/cuddling and a 69 session that almost killed me. What a way it would have been to go though: smothered to death by pussy and thigh.

Her service was top notch. The vibe was like "I'm here to pleasure you, lie back and enjoy". It worked for me! There were lots of nice touches and I left with a big grin on my face.

(For those concerned about "you like me suck cock now" imports, her English is great and the mixture of her native Spanish and a regional English accent is utterly charming.)
