The Premises:

Perfect location to test the potency of a pill I popped 25 hours 38 minutes and 17 seconds ago.

The Lady:

My unsuspecting collaborator in this venture: the cuddly debutante, Sofia of the Hellenes. A good-looking woman; her photographs are accurate and complimentary but she is much more attractive in person.

The Story:

Full on kissing and caressing as she removed all my clothing; only stalled by the fastening of my belt buckle

?Is that German??

?No, it?s a Bald Eagle?

On the bed it was straight to the bald-headed bishop. This is a girl whose forebears leapt over charging bulls for sport. Instead she executed some nifty acrobatics with her tongue and mouth on my pommel horse.

?Would you like to lick me??

[Silly question]

Her pussy is fresh and sweet, garnished with a soft, trimmed bush. As the tongue lashed her labia, Captain Hook was warned:

?No finger?

A raised dot latex canopy parachuted over the old man:

?It?s my favourite condom? she explained

I wondered if my finger were similarly covered with a matrix of pimples whether it would have been anymore welcome.

?Now a little gel? she searched the bedside cabinets. ?Nothing?

A look of resignation briefly crossed her face as she prepared for?She needn?t have worried the entr?e was perfect and followed by sumptuous romp through a mezethes. She has a delicious way of grinding and gyrating her hips that had me struggling to contain myself: ????? ???? I pleaded before she tipped me over the edge.

Sofia has a very pleasant, easy going manner. Great GFE. She might not suit those with stronger palates but she was perfect for me.
