### The Premises:

Grim place to say the least, dirty from arriving at the doorstep. Sent upstairs to bedroom, stains on floor and smelt of sick.

All you want to do is get out.

### The Lady:

Tanned, nice breasts, fuller figure. Not bad, considering the money, but they are certainly better.

### The Story:

Just a quickie visit, so straight down to it. Very quick BBBJ, not the best. She admitted she doesn't like doing them, so that doesn't help.

Cap on, she won't go on top so I did. No interaction, just lay there. Over very quick, I just wanted to get out and away, especially from the smell of sick.

For the money it was OK, but I would not go back. I have had much better for the same price, but if your desperate then it's worth a punt.
