The Premises:

Very nice detached house in Mannamead, discreet entrance, on street parking outside. Room was large, warm, well decorated, with a king sized bed. This is apparently not Roxannes home.

The Lady:

Roxanne is 5'4", although seemed taller, size 10, 36 inch chest, probably a D or maybe a DD with lovely big responsive nipples, good firm thighs and arse - she says she works out and you can certainly feel the tone in her muscles - a little bit to get hold of round the waist but not much. She was well dressed - nice heels, stockings with seams, sexy suspender belt, boobs pushed up in a pretty bra... Very nice.

The Story:

Roxanne didn't leave the room while I stripped down which I quite like, makes a change from the routine... I stripped, took position on the generously sized bed, she released her breasts and then gave me a nice unhurried massage while we chatted. I turned over and Roxanne gave some enthusiastic, deep and extended oral without, which I thoroughly enjoyed. I got to work on exploring her big tits, thighs and buttocks, after a while her pants came off and I massaged her clit whilst she continued sucking.

If anything I had to convince her to move on to fucking, such was her apparent pleasure at fellating me. Eventually she politely asked 'which position shall we begin fucking in?' which was sexy. She came on top to start with, her tits really are big and full and it was great to have them in my face. She asked me to give it to her from behind but I went on top, riding up onto her clit which she seemed to find rather pleasurable. After a while I complied with her requests and took her from behind so she could put a vibrator on her clit. I moved on top of her again after a while, she really seemed to be enjoying it although I couldn't quite push her over the edge before I released my load.

A really genuine honest lady, relaxed, unhurried, clean and very well presented, with the body of a real woman... Very good vfm... treat her well chaps.. I shall definitely return.
