The Premises:

A Georgian Terrace on a tree lined avenue. The area is residential and a little run down. The room was a little sparsely furnished with a low divan style bed. A working place and in need of a clean up as I put my shoes on a trod on something on the carpet it was damp and could have been a cum stain from an earlier client.

The Lady:

She is dark haired, size 10, with a 34C bust. There are photos of a lady on the ** website, however they were not of the lady I saw; after checking a second time the lady I saw was advertising duo services under the name Alexyas (with a lady called Angeliss - see next report).

The Story:

I should have confirmed what service was on offer for the low rate of ?30 for 30 minutes. When I arrived I handed over the cash and undressed; Yolanda/Alexyas sat on the edge of the bed. I joined her on the bed and she asked what service I would like I replied "Oral and sex" but she told me "Its oral or sex. "Okay, well sex then please". She proceeded to jerk me off firmly for a while, then sucked and tongued the condom before rolling down my semi-erect shaft. After a little covered jerking off she announced I was ready and lay back for me to get on top. I slipped easily in and we had sex for a little while in missionary position. After a while she said "I don't think you will cum." I advised her that I was working up to it and continued to have sex with her. A few moments later she said "I don't think you are going to cum. You want hand relief?" I was getting the vibe that sex was now off the menu and agreed to hand relief. The hand relief was okay but I was starting to go soft very quickly. Again she said "I don't think you are going to cum". So I ended up wank myself for a further four/five minutes until I did cum. Yolanda/Alexyas handed me some tissues and I cleaned myself up.wrapping the damp tissues in dry ones for hygiene. But then I step on the damp stain on the carpet and wished that a previous client could have been so considerate.

From walking in through the front door to walking the front door only twenty minutes had elapsed. Yolanda/Alexyas advertises 30 minutes for ?30 but expects her clients to cum in five minutes and to leave. So it does not live up to expectations and is not the bargain deal it first appears to be.
