The Premises:

A run down Georgian Terrace house on a rundown tree lined avenue - same place as Yolanda from my previous report. Angeliss's room was cleaner than Yolanda's.

The Lady:

Angeliss has black hair and dark brown eyes, is 5'6" tall, a size 8 with a 32D bust. She has some photographs on a profile on the ** website and they are accurate except that her breasts seem to have expanded (but still natural - not a hint of silicon) since the earlier photo were taken.

The Story:

As I walked along the road to the door Yolanda was returning to the house and knocked on the door to be let in just as I was talking to Angeliss on the phone letting her know I was approaching the door.

Angeliss was strikingly pretty and showed me upstairs to her room. I handed over the cash and Angeliss advised that ?30 only got sex and it was an extra ?10 for Oral-with. I was honest and told her I had only brought the ?30 so it would have to be sex only. Again this was not quite what was advertised on her profile, but she was gorgeous so I carried on anyway.

I undressed and lay on the bed Angeliss kept her clothes on whilst she started to massage my cock she quipped "He is asleep" to which I replied "He'll wake up in a moment". She undressed and I stroked myself as Angeliss caressed my chest and legs and gently drew her nails across my skin in a titillating manner. It wasn't long before I was hard and Angeliss rolled on the condom and gave me a little covered hand-relief. After a while Angeliss climbed on top and lowered herself down onto me. She owns some of the largest labia I have ever seen and she felt wonderfully warm as she enveloped my cock. Angeliss bounced up and down for a while before allowing herself to sit on my pubis and rock back and forth to great effect.

After a while Angeliss asked if I wanted to go on top, "certainly" I replied and we continued in missionary for a while. Then Angeliss complained that she was in pain (her pussy was sore) so after a pause I asked if she was okay to continue, "that depends on if you are going to cum." "I'm getting there" was my reply. "Okay how about doggy?" "Okay." So she turned over and we continued in doggy for a short while and just as I was working up to a climax she complained of pain again and this time offered only hand-relief to finish.

So with the condom still in place I lay back and she took me in hand, it felt good but it was no substitute for her snug pussy. After a while she was getting bored, and yawning, and said "I don't think you will cum"; she stopped wank my cock at this point, so I took over and continued for a few minutes until I had filled the condom. Angeliss handed me a few tissues and I cleaned myself up and wrapped up the damp tissue and condom for her to later place in a plastic 'nappy bag' when she had found the roll. At least this time I had stayed hard throughout my twenty plus minutes in the room and by the time I left the house this time twenty-five minutes had elapsed.

Because she is slimmer, prettier and warmer than Yolanda I recommend Angeliss to others even though I probably won't return myself. However try and catch her earlier in the day near to the start of her shift and you may not have the problem of a sore pussy to contend with.
