The Premises:

Manor Park Sauna is one a main road called romford road. there are many shops next to it, a chicken and chip shop which is busy and a bus stop close by. basically people can see you enter the place. the rooms inside are quite small, felt like being in a ship cabin. they are clean and smell nice.

The Lady:

she is blonde, green yes, very sexy eye make. big breast blonde lady basically. she is from eastern europe.

The Story:

when you enter the place, there is a small gap in the door where you have to pay ten to just enter inside. after which the receptionist (she had her own desk) calls out all the girls, they come running in. about 6 or 7 of them. all of them from eastern europe. you pick the girl you wish to spend your time with and after that she takes you to the room. like all the ladys at this place, they want to finish the customer off as quick as they can. even if it means giving a tug job. her service is nothing special, but her friendliness and mazing looks keep you from feeling ripped of like you just got screwed over. i would return to see her as she is very sexy. this place is good for eastern european girl fans
