The Premises:

Well known place on Green Lanes. Was told it was near Turnpike lane but it was about a mile from there, a fair walk. By a bus stop but no-one seemed to be interested. Bell did not work. Rang maid and she said would come down and let me in. Once in was convoluted route, up and down and up stairs coming out onto an open area and into a flat. Room sparsely furnished but fit for purpose.

The Lady:

Pretty, blond Hungarian girl with shoulder length hair cut in a bob. Nice figure, size 10 I would say with nice round bum, C size tits and curvey in the right sort of way. Probably about 5'6" tall. OK English, but nothing too complicated.

The Story:

I was pleased that I had come to visit Sabrina, even though the whole process had taken much longer than I expected, and meant hanging around a doorway on a main road. Lead by my dick as usual.

Having appraised her and smooched a little (she smelt faintly of ciggies), I asked if I could give her a massage. She agreed and got onto the bed with her thong on.

I started to massage her back and spent a bit of time on the process, before moving to her plump buttocks and thighs, removing her thong. Went down to her calves and worked my way up eventually reaching through to stroke her lovely neat pussy. She encouraged the rubbing, raising her bottom provocatively, and not needing any encouragement I pushed my fingers down to find her clit.

She was soon moving her bum in time with my fingers, and by then I had put my thumb on the entrance to her vagina. She then got up on all fours to facilitate the activity and I was able to then rub her lovely breasts.

She eventually turned over and I then asked if I could lick her pussy. This was no problem and I soon was licking away at her pussy and clit. As she was obviously enjoying this I started to rub my finger along her pussy, and finding no resistance popped my finger in, moving it slowly at first but with increasing rapidity. Next I was able to insert two fingers and push them in and out of her by

now very wet pussy.

After a bit she sat up and, still with my two fingers inside her, she played with my cock and balls. This brought me close to the edge so I asked her to stop. "Condom?" she asked. How could I refuse, and gingerly got my cock into her pussy and started pushing away. I must have kept going for a minute or two, but being aware that I was close to coming, I asked her to suck my cock which she did vigorously. This was ok but I wanted more, so asked to go into doggie.

Unfortunately, my dick started to lose interest which sometimes happens when you get too greedy, and despite her best efforts, I couldn't get it up. That and the maid banging on the door put me off. However, I managed eventually to wank myself off copiously while she watched, which was sweet of her.

As a postscript, I noticed that the bed cover was soaked when she got up so I think I had made her come when I first penetrated her.

She was natural and not pushy in any way, so if you can stand the surroundings she is well worth a visit.
