The Lady:

Very attractive young blonde, slim and firm-bodied.

The Story:

Greeted with a very enjoyable kiss, delighted to see that she looked exactly like the photos on her profile which lifted my spirits very quickly after an arduous journey through freezing winds, snow and ice to reach her place.

After a few minutes of chat, we had some more time kissing to get things started (not DFK, but still more than enough to arouse me) and then on to OWO which was done with excellent eye contact throughout. She was shaved below and happy for me to reciprocate with RO and moaned appreciatively at my efforts, though I'm sure I was enjoying more! After a few minutes of this she invited me on top of her, took me in her mouth for more OWO and again great eye contact for this.

We did a couple of different positions for sex and she became increasingly adventurous, encouraging me to give her a slap on her magnificent rear and tug at her hair, yelling "harder!" when she could see I was the cautious type, not wanting to go too far with a new acquaintance in case I misunderstood her.

Finally came inside her after a while in the doggy position. With 3 minutes left on the clock I asked if she could massage my back and shoulders and she was happy to oblige. Some more kissing and friendly chat saying goodbye, I will definitely be seeing her again!
