### The Lady:

Angel, What can I say its been said many times before but she was drop dead gorgeous.tits to die for and a shaven pussy

### The Story:

Arrived early as per usual was greeted by Angel at the door wearing a small towel and a smile what a nice start.After my travels needed a shower not en suite but very good indeed. Plenty of hot water and towels angel made me a cup of tea whilst I was showering as CMK was still doing its best impression of being in the Artic.

Angel brought in the tea whilst I was finishing drying off and naked in my room and she was still wearing her towel, apologised to me and said as I was early she hadn't had a shower and needed to change so left on my own for 10 minutes when she returned OMG what a site a white thong and basque set that only just kept her tits in check.

FK followed with OWO and shee was on her knees and I saw all the action in the wall mirror, went to bed she continued the OWO and I was hard as I get these days and then I said I wanted RO so on her back legs apart and I feasted on her pussy & what a sweet taste it was didnt want fingers in her bum but could put fingers in her pussy after 10 mins of me giving her clit a good seeing to she came so I carried on for her to have number 2. then on with the hat she said my cock was nice and slim with a very impressive helmet and she gave me OW to get me nice and hard then cowgirl what a site Angel bouncing on my cock and as always throughout her playing with my cock good eye contaqct very sexy. A change of position my legs hanging over the edge of the bed with her stood on the floor and reverse cowgirl commenced. I then wanted to munch her pussy again and it was back on the bed then more oral and with me helping I came over her tits.

We still had plenty of time so we had a nice chat and she cleaned the 2 of us up. then it was time for me to go so dressed and was away.

A very satisfactory punt with an absolute stunner.

Will I return, eventually there are a number of other HOD girls I want to sample 1st but she will definatley be a return visit. But guys she is a gem well worth the long travel to play with her.
