### The Premises:

Adequate flat in busy part of Lancaster Gate. Parking is tricky. Best take the tube.

### The Lady:

Reasonably attractive Brazilian woman in her mid-late 20s. Slightly older looking in real life than per photographs.

### The Story:

"Angelina" must be a candidate for the world record number of aliases used by a single working girl. A quick search on the more popular agency sites shows her advertised as Isa, Angie, Angelina, Angel, Maria and Bia - with a variety of different portfolios taken at different times. No doubt I have missed some. On one agency site (Loyalty) she even appears twice under different names. Her rates vary from ?150 to ?200 depending which name she is using. All very confusing for those the tidy-minded stamp-collecting type punter such as yourself. When I am in charge, prostitution will be legal but multiple aliases will be banned.

Returning to the point, the punt itself was fine. A pleasant woman who provides a fair service.

Decent English too. Mildly recommended.
