The Lady:

Well every thing that has been written about her is right on the money. She is beautiful women head to toe and most definately everything inbetween.

The Story:

This was my first time so i have to admit to a few nerves. Luckily for me Paris is chatty with a lovely Bristolian accent and put me at ease straight away. She was perfectly dressed in a dress that showed off every wonderful curve superbly. A little more planning on my behalf would have helped. It was like being given a large box of your favorite chocolates and not knowing where to start. I will leave the details between me and Paris but it suffices to say I had a very enjoyable long hour and this country boy went away extremely happy. I will definitely be returning and next time I will endeavor to explore myself and Paris a lot more.
