The Premises:

A small flat very near West Ken tube. Bit of a grubby and public entrance, but a busy road so no-one much notices. Once inside, it's warm, clean and friendly.

The Lady:

Thai girl. Maybe late 20s? 5'1ish and cute as a button.

The Story:

Ami is the pre-eminent Thai masseuse in London, bar none (and I speak from some experience). The massage genuinely makes you feel more supple, younger, and a good deal happier than you were before, and the hand relief at the end is expert and excellent. There's no body to body, no other services and certainly no full service ... nonetheless, if, like me, you sometimes just want the very best massage and happy ending, I can't recommend her highly enough. I have seen other masseurs at Ami's apartment before - Natalie and Tanya ... both excellent, but I strongly suggest you ask for Ami if you can. She's the bees knees.
