The Premises:

I have been to new thai house on several occasions. The place is always clean, tidy and well presented.

The Lady:

short Thai lady, around 34 years old, about a dress size 12 and d cup breasts. Not the usual type I would go for but still pretty hot.

The Story:

I went to New Thai House after checking several other places in the Leicester area. I got to the place and paid for my usual topless massage, this includes HR. I had been there before, and knew what I was getting into. I had a choice of three ladies and decided to choose a lady called Gi, she was new and inexperienced but looked pretty good. even though She didn't take her top off when massaging me the massage was great, when suddenly there was a knock at the door. Apparently I had only paid for the half hour and time was up. Gi didn't expect this to happen and to tell the truth me too. I was having so much fun with the massage that I didn't realise the time was up. Now in this time Gi should of been topless and give me the HR, but time was up! Now she looked very hot and had a nice busty figure, but her English was limited and she didn't seem to get that she must finish what she had started. The lady who had knocked on the door did it again, so I called her into the room she proceeded to shout at Gi(in Thai) and sent her out, I think she expected I would leave, but I started to complain and in the end she agreed to (kat) a girl I had seen before to come in and finish what had been started. So I had an extra half hour with another girl who gave me a nice time! I kind of feel a bit sorry for Gi, because she is new to the game. I think if she had a bit more confidence she would be great! I will visit again, but next time be a bit more careful who I choose.
