The Story:

Laura advertises: 'Dinner date: ?250 (time for dinner + 2 hours behind the closed door)', which is a very good rate. She arrived an hour later than originally agreed, and after a quick drink in my room, during which we completed the financial transaction, we went to have a meal. She appeared completely charming and genuine during the meal and we had a nice time. On the way out of the restaurant, she went to the toilet. I waited and waited, but never saw her again. She must have slipped out of a back entrance. Needless to say, she did not respond to my phone calls and texts.

Avoid.
