The Story:

Hadn't been down to Soho for a while, and wanted to visit a regular. Sadly none around so I opted for Alina...best of a not so appealing list of ladies.

She doesn't speak much english...but she did try to interest me with a 2 lady offer, WITH the old lady that manages the flat and sits out front!! I declined!

I told her what I wanted, sex positions and I wanted to go deep.

Put on the condom and she furiously started sucking, surprised mt dick didn't catch fire!

Started with mish, hoised her legs up and went in full length...at which point she said. 'no honey...to deep'.

That kind of pissed me of and I reminded her of what I had said. I proceeded, slowly but deep...she was def feeling it.

Then on top...I started to thrust from below...again too deep she said, and which point she grimaced.

Anyway...came and left.

Very very poor. C'mon guys, send these poor excuses for working ladies home...don't visit them, they are giving the decent girls a bad name.

One of the WORST punts ever...AVOID
