The Premises:

I went to a really shit party in East London on Saturday night and so I decided to leave and check out the local saunas.

I went to Libbys Sauna in Stratford first as they have a choice of nine girls. The first thing I noticed was that they have their own ATM cash machine in the outside front wall of the sauna on the pavement. I went into the reception area and asked about prices but immediately some burly Eastern European bloke with a 'SECURITY' tee shirt on came over and started hovering menacingly behind the receptionist.

It reminded me a bit of the stories about the clip joints in London years ago where bouncers would beat up customers so I decided to make my excuses and leave. 'Sorry I've got to get more cash!'

So I drove on to Park Sauna in Manor Park. You go through a door and there is a 6'5 inch Rastafarian man standing there who more or less snatches the '10 admission money out of your hand. There was a choice of six girls all sitting down. There were also a couple of groups of Asian men punters including one in a turban sitting there too.

The Lady:

I picked Anna. She said she was 21 (Maybe 25-26 in reality) and from the Czech Republic. Extremely pretty blond, size 10-12 with her big tits hanging out of her white masseuses uniform.

The Story:

She showed me down the corridor to a room and then gave me the prices. '30 for 15 minutes, covered oral and sex in 2 positions. '60 half hour and 3 positions with massage. '80 in a VIP room. I just got the feeling that she was going to rush everything so I went for the '30.

She left the room for a minute while I undressed. Then she came back, took off her tunic but not her undies and ordered me on to the bed. I noticed she has a bit of a gut on her with a strange dimple in it.

She started putting a condom on me immediately even though I was soft. I said to her you have to turn me on first but she carried on. I asked if she was going to undress and she said no. She put the condom on and started sucking vigorously. This did get me hard but she did it so vigorously that I nearly cummed after about a minute and I had to stop her. I asked her to undress and she took off her knickers and initially refused to remove the bra saying 'No tits!' until I more or less insisted.

So she climbed on top for cowgirl and did this for about 30 seconds. Then she shouted 'Have you finished yet??'

I hadn't cum and wanted the second position so she went into doggy stance. But I wanted mish which seemed to annoy her. Finally got on top of her and she insisted that I came quickly.

As soon as I started cumming she jumped up and said 'That's it!?' She started pulling the condom off even though I was still cumming.

And that was it. I was probably 5 minutes in the room with her. A very rushed experience which is a shame as she is a really pretty girl.
