The Story:

Phoned the number at 1230 and was given the address and a request to arrive at 1245 which I duly did was greeted by Tasha who was co hosting the party with Tanya. Told her i was a newbie as they call thm and was shown the ropes and asked to seal my valuables into an envelope which was taken away to be securly looked after. Had to queue for a shower and got upstairs was given the drink that I requested downstairs when Tasha announced Ladies time to play' and I hadn't even had a chance to take a sip of my drink. At this the ladies all stood up and started to move downstairs and Maria came across to me and took my hand and asked if this was my 1st party, when I said yes this she had this sly grin and an evil look in her eye! We went downstairs and went to the 1st bedroom but the double bed was fully in use the single bed was occupied and the small armchair which is normally used by guests to recover and watch the proceedings was in full use, so Maria said follow me which was a delight and my cock was certainly rising to the occasion and as we walked down to the other room in use it came out of the robe just as Tasha came down the stairs as hostess her job is to make sure the girls party and have their fun and none of the men slack off and try to rest, as I passed her she smiled and said enjoy.

Well I've been punting for nearly 40 years off and on and this was a mindblowing situation Maria turned round as we entered the room and it was a full on DFK she lost her bra in short order and

her thong and said I was over dressed and got rid of my robe and we adjourned to the bed for a kiss and cuddle then she head south for the most amazing OWO which i had to stop for fear of popping in her mouth within the 1st 5 minutes. Ever the gentleman I asked permission to go for lunch at that time I was sucking her boobs and she looked concerned and asked why I wanted a rest so early I then kissed my way south towards her shaven pussy and she got the idea that that was my lunch. Well it was the tastiest pussy I've played with and after about 10 minutes there were definite signs of a quiver and her arms went back and then there was a buck and heave and I couldn't move as her thighs clamped round my ears. After she let me come up for air she gave me more OWO and it was on with the hat and we fucked cowgirl mish and doggy during this final session another guy came up and what I had been informed of on the website forum should happen which ask may I join didn't happen as as soon as he was there Maria shifted position to give him OWO. Brandy had earlier brought her guy into the room and been very very naughty with him but was now laid next to us legs apart smiling at us playing with her clit with one hand and tickling my balls with the other, I excused myself from Maria so she could concentrate on the new guy and I scooted over to Brandy who was full on DFK snog your face off, and this was another OWO expert. so much so when she went for the hat she was still giving me a gentle hand job and i popped the lot.

OK guys that the details literally of the first 30 minutes. I had a shower and played with the other girls but during the course of round one the first 2 hour party my cock got a small tear in it from some very energetic hand jobs i dont know who did it but for the rest of the party it just wouldn't pop again.

At the end of the party with about 30 minutes to go I managed to bump into Anita as i was descending from an R&R break and she was full on DFK me in front of Tasha and back into the room we went and we had a great session which ended up with 15 minutes to go with me panicing on how I was going to look after 4 girls whose partners were already cleaning up to go so I had Anita wanking me and then i felt a tongue on my balls then someone was biting my nipples and my hand was grabbed to play with a pussy. I was in heaven but the little man wouldn't pop. Decision time as Tasha came into the room to announce party over time to go. There was me with a hard on I only remembered from my young days so i asked if I could extend. and this was agreed. So upstairs to confirm this with the boss who said ok i thought you might so I kept a space for you in case. and we rested for an hour chatting.

Party 2 was the same I didnt cum again but I did eventually fuck Juliana and Anita in a final 4 some at 5.45 this was a shame because Anita and I had got the room to ourselves again and her OWO was so gentle that I was just beginning to cum when we were pounced upon by Maria and Juliana who seeing my cock put its hat on and rode me big time, I wanted to fuck Anita and Juliana hopped off changed the condom and Anita assumed the position and we had a gentle cowgirl fuck with good grind of the hips but the moment had gone and I didn't fill the condom.

Memories of the 2 parties good banter, not being allowed to slack off, Juliana bushwhacked me as I was coming out of the shower and tried her best! Having 4 girls playing with me at the end of the 1st party then as above 3 girls playing with me at the end of the 2nd party.

Will i go again wild horses won't stop me I have one girl I need to see up in HOD land at Milton Keynes then all my spare cash will go into LMP fund.

These girls love sex they want to party with guys and at the end of the day we want sex they want sex so why not party.

Where else can you go for two 2 hour parties play with 5 girls and it only cost ?200. Value for money you bet
