The Story:

Holly has returned to work after a break and I was lucky to be able to see her on her first day back.

We knew each other from Holly doing the reception work so it was almost like finally getting it on with a friend or work colleague.

Lots of kissing to say hello in the room and on the bed more kissing as gradually clothes were lost and hands explored.

Then we sauntered through any activity that suited us with Holly simply very good at it all, especially oral.

She was also responsive to my efforts before we moved on to sex in a variety of positions, kissing whenever in reach of each other's mouth.

Really enjoyable time with a lovely lady.
