The Premises:

The place is well decorated and spotlessly clean and tidy. They were changing the covers as I left following a slight 'spillage' - many places would have just wiped it off.

There's parking right outside. It's in the town centre with loads of people using the car park but that actually makes it more discrete than a quiet street. I felt very safe.

Incidentally, I arrived 20 minutes early and they were kind enough to park me in the room to wait even though I offered to sit in the car for a while. A nice touch.

The Lady:

I didn't ask Angel's age but guess late twenties. Her figure reminded me of Marylyn Monroe; voluptuous in the true meaning of the word. She's woman shaped and fit, certainly not fat. Her face is enchanting with beautiful almond shaped eyes just like on their website.

The Story:

This is a lady who kisses. Man alive, she kisses like she wants to eat your face. She's a passionate Spanish lady whose fierce embraces brought out the tiger in me too! She really went for it for the full time. I guess that's why she's so fit; she works very hard.

I didn't want sex so we concentrated on oral pleasures both ways, one at a time and together with lots of fierce hugs and biting too (after I asked her to - don't worry that she'll leave marks if you don't want them.) I finished with a lavish orgasm which was supposed to land on her body but, such was the passion aroused, some of it overshot! (My apologies to the chambermaid!)

A cracking punt to start the New Year!
