The Premises:

Roomy flat in mansion block near Edgware Rd tube station. Come out the bakerloo line side. The room itself really nice. Big TV silently showing asian ladies getting a good seeing-to by various implausibly endowed studs. Mirrors everywhere. Primitive erotic art on the wall showing 2 asian ladies in a bath. The stereo playing some pleasant ambient music and a light show on the ceiling together with an ingeniously arranged clock. Proper boudoir.

She even has hangers for all your clothes and helps get those annoying bits of white fluff off. The attention to good service is almost unnerving.

The Lady:

Aisha looks pretty good on the website, but, cliché alert, she is even better looking in the flesh. Blessed with natural beauty. Add to that great breasts, a petite body with curves, and a brown skin, she is adorable.

I chose the water, rather than beer, from her fridge, but she drank a Penfold wine herself. A higher-end merlot too. This girl oozes class.

She has been here a few years so has excellent English which again makes for easy conversation after the passion has subsided.

The Story:

We started with the shared bath. I love it but this was another experience altogether. She gave me the deepest-throat ever. Ok I'm not that well endowed but God knows how she managed not to gag. That combined with prostate massage in the incredibly hot soapy water was so intense that I actually had to stop her. Was genuinely worried that I might black out. That was when she started to French kiss me. First gently then passionately like a long-lost lover. I'm no looker but by God she made me feel young again.

Onto the bedroom. More OWO then 69. Was there ever a better activity for a man and a woman to enjoy together. But eventually it was time for the condom. First cowgirl, then frenetic doggie. No

anal but that's no biggie for me. Finished by hand sort of part CIM, part facial.

We lay and cuddled and kissed and talked and stroked until it was time for me to go.

An unforgettable experience which I intend to repeat just to make sure I hadn't imagined it.
