The Premises:

The Retreat is a discreet, clean basement flat about a minute's walk from Earl's Court Tube station. It's a great place to escape. Well stocked in costumes and BDSM gear.

The Lady:

Curves to die for: great arse, just made for sitting on your face! E-cup natural breasts. Classic hourglass figure. Nice face too. As usual at the retreat, the photos don't come close to doing her justice.

The Story:

I've been exploring my fantasies with Louise for a few months now and I am completely addicted to her. I'm into femdom, tease and denial and Louise gives me all of these in spades. She's very experienced, takes time to understand what you need and how much you can take and then takes you right to the point of sensory overload. Most of all, she seems to genuinely enjoy it. To me that makes all the difference.

This session was a punishment session, so no release: caning, strapon and ball-busting (hand, feet and electrics). I wasn't walking too well when I came out, but I had a big grin on my face and boy was I horny!
