### The Story:

Greeted at the door by Harriet in a towel. After a long lingering kiss (and a quick grope) Harriet left me to undress while she finished getting ready returning in a very sexy leopard print outfit. A few minutes of kissing and teasing soon had the required effect and we moved promptly to OWO. I could easily have spent the rest of the day lying there stroking her arse and pussy lips while she blew me but decided i needed to return the favour. Harriet knelt on the bed while I buried my face between her cheeks, a position she remained in after I slipped the rubber on. Soon, knowing i was getting close, I pulled out and whipped off the condom while she lay on her back using one of her selection of toys on herself. More OWO followed as she brought herself off and i finished by shooting over her chest.

A thoroughly enjoyable session which i hope to repeat soon!
